

WILL YOUR GROUP JOIN OUR TEAM TO SUPPORT ONGOING DONATIONS

The 'Body and Sole' pantry is a new effort at Harbor House collecting and distributing toiletries, first aid supplies, hygiene products, and other personal care items to Harbor House clients.

Will you be a partner? We are looking for partner organizations and individuals to join a vital community effort to provide items basic to human health, hygiene & dignity.

Could you host an annual or biannual collection bin? Once per year (or once every other year) would your organization be willing to consider hosting a toiletry drive.

Can our volunteers contact you in 2021?* Great! Please reply to this email or contact Sheri Groenveld, sgroenveld@harborhouseto.org

*To get the toiletry pantry rolling, we are looking only to identify partner organizations willing to support this effort, as they are able, in the future
