

Harbor House applies to the United Way for their Energy Assistance Fund (EAF) for SCE and for Gas Assistance Fund (GAF) with the Southern California Gas Company. If you have already applied with another agency for these funds, we cannot apply for you. If we apply, the application will be rejected. **These funds are only given out once per 12 months per household or address.**

As of 1/2/23, the SCE grant is available for up to \$200 and for the Gas Co the grant is available for up to \$100 and is available starting on 1/5/23 and funds will run out when we are told by the United Way and then the program will close.

In order for us to submit your application for the utilities assistance program, we will need the following documents from you:

- The completed application for the gas and/or electric bill assistance
- A picture of your ID card
- The first page of your gas and/or electric bill
- Proof of your income:
 - Pay statement from employer
 - Social Security monthly earnings statement
 - If you have no income or pay statement, please request the "Income Verification Affidavit" form

You may email these documents to harborhouseoffice@gmail.com with the subject/title "Utilities Assistance Program"

Once we have all of the necessary documents, we will process. Once we enter in the application, we will notify you when we hear that the grant has been given and then the funds will be applied directly to your utility account. The time varies and is not controlled by Harbor House.
